

Juliana Kuetezang

Critical thinker, Resilient optimist, Communication skills, problem solver, team building leader, Responsible collaborator and influential networker

Personal Statement

Resilient and value-driven youth leader with a strong commitment to safeguarding, social justice, and community-led development. With professional training in accounting, leadership, and humanitarian outreach, I actively champion inclusive youth participation and the rights of displaced and vulnerable populations. I bring hands-on experience in financial accountability, mentorship, and cross-sector collaboration, and I'm deeply passionate about creating systems where all young people belong and thrive.

Education & qualifications

2025-2026: ALX Data Analytics Track

Completed a 7-month intensive data analytics programme focused on Excel, SQL, Power BI, data visualisation, and business intelligence. Developed practical skills in analysing and interpreting data to support strategic and data-driven decision-making.

2023-2024: Postgraduate Diploma in Accounting Science (PGDAS), University of Pretoria

Majors: Taxation, Financial Management, Auditing, Financial Accounting

2020-2022: BCom Accounting Science, University of Pretoria

Majors: Taxation, Financial Management, Auditing, Financial Accounting

2015-2019: National Senior Certificate, Christian Progressive School

Subjects: Economics, Physical science, Mathematics, Accounting

Professional Development & Short Courses

2026: Anzisha Idea program [FAST program Ideate phase]

- Completed a four-month **Mastercard Foundation-sponsored** entrepreneurship programme focused on venture development, innovation, entrepreneurial leadership and problem-solving and developing solutions to address community and youth challenges. I developed my edtech company called <https://forgeforafrica.com/>.

2025: ALX Founders Venture Program.

- Developed investor-ready pitch deck and prototype for TaxSimplySA, a digital tax compliance platform. Strengthened startup development, product design, and user engagement skills.

2025: AI Career Essentials, ALX South Africa.

- Focus on LLMs and Generative AI applications

2025: First Aid Training

- Acquired critical life-saving skills for emergency response and pre-medical

2024: Transformative Leadership Program

- Trained in ethics-driven leadership, strategic collaboration, and inclusive decision-making

Experience

2025: Trainee Accountant at *KPMG*

- I am an auditor in training where daily I audit the financial statements of private and JSE listed companies operating in various industries to enable the public (investors, bank, natural people etc) to make informed decisions based on results in the financial statements on which we as auditors have offered reasonable assurance. Thus far my leadership, time management and professional judgement is being strengthened. I am on the journey to become a chartered accountant; having passed my first SAICA board exam (Initial Assessment of Competence).

2024- Present: Co-Founder and CEO of '*Life of Purpose*'

- I lead a youth driven non-profit supporting refugees, orphans, and single-mother households through education access and mentorship. Designed and implemented community programs aligned with SDG 4, including school supply drives and University application support.

2024–Present: Coordinator, *Cry of the Destitute*.

- Managed fundraising to support financially vulnerable students with essential needs (food parcels, toiletries).
- Led financial forecasting, budget planning, and transparent reporting on donations.
- Coordinated with university and student bodies to ensure equitable distribution of support.

2022: Treasurer, *Tuks Children's Trust*

- Oversaw budgeting for outreach to baby homes supporting abandoned children.
- Conducted growth assessments and recommended developmental games for infants affected by prenatal substance exposure.
- Ensured financial accountability and celebrated successful adoption outcomes.

2022: Participant, CA Immersion Program, *Transaction Capital*.

- Developed commercial acumen, creativity, and entrepreneurial thinking through hands-on exposure.
- Strengthened teamwork and presentation skills in a professional consulting environment.

2019–2024: Volunteer, *Messenger Project Group*.

- Distributes essential supplies to orphanages and organizes outreach events like the “Lunch Drive” for the homeless.
- Leads community engagement, crisis response, and empathy-driven support for vulnerable populations.

2019: Academic Mentor, *100KidsToVarsity*.

- Organized and led mentorship sessions for high school learners in underserved communities.
- Collaborated with teams to deliver career guidance, exam support, and university prep.

Achievement & Awards

2025: Global changemaker award

- Recognised by the global change maker organisation In Switzerland, for the community impact we Life of Purpose impact Foundation has done. The project 'equipping Africa's future through Education' enabled us to get a price grant to implement the project.
